COURSE DESCRIPTION AND OBJECTIVES

This is a discussion-based, student taught, course. It is a required advanced course for all 2nd – 4th year cancer biology students. Students to disseminate knowledge that they are obtaining in their lab work or by participating in advanced courses of different topics. Students present the topic of choice, methods and relevance to cancer biology to their peers. The intent is that participating students will discuss the topic in detail to understand how it might be useful to cancer biology research, in effect an active learning process. The goal is to provide the cancer biology track students with an integrated multidisciplinary view on cancer research. Prerequisites are INTD5007 and this course is therefore open to students beyond the Cancer Biology Track who have fulfilled this prerequisites. Required for Cancer Biology Discipline.

Pre-requisites – INTD5007, though exceptions can be made on a case-by-case basis

Semester credit hours – 0.5 sch

By the end of this course, each student should be able to:

- Discuss the relationship of a variety of methodologies, have they relate to cancer biology research and their own research project

COURSE ORGANIZATION

The main teaching modalities used in this course include:

- 1) Student presented didactic lectures
- 2) Interactive discussion

Materials – presentations are given in the common lecture format

Computer Access – Various materials will require access to a computer with internet capabilities and the use of LMS (CANVAS)

Reading Assignments – Not applicable.

ATTENDANCE

In order to achieve the expected level of competency, students must be fully engaged. Therefore, attendance for every class session is expected.

It is recognized that a student may occasionally arrive late to class due to unexpected traffic problems or inclement weather. However, chronic lateness is considered an unprofessional behavior that disrupts the learning environment for everyone else in the classroom.

Please discuss all planned absences directly with Dr. Bishop in advance and call him to explain unplanned absences. Make up work will be required and determined on a case-by-case basis.

TEXTBOOKS

Required: Not applicable

Recommended: To be provided by each lecturer via Canvas
