IBMS 6090-6MBB. Molecular Biophysics & Biochemistry Seminar
Fall 2018

Class days and time: Fridays at noon for Biochemistry and Structural Biology seminars

Classroom: 409/410L for BSB seminars

Discipline Co-Course director: Paul F. Fitzpatrick, Ph.D.

Course Description and Objectives
This course is required of all MBB students who are not in their final semester. Students registered in IBMS 6090-6 must attend 16 seminars per semester. These 16 seminars should include all seminars sponsored by the Department of Biochemistry and Structural Biology. They may include seminars sponsored by other departments if an insufficient number are offered by the Department of Biochemistry and Structural Biology or if an unavoidable absence causes the student to miss a Biochemistry Department and Structural Biology-sponsored seminar. Students may be excused from one seminar per semester for a valid reason (e.g. illness, death in family, attendance of scientific meetings). The course co-director should be notified by email of any anticipated absence no later than the day before the seminar and for unanticipated absences within one day of the seminar. Each student will send (vie email to fitzpatrickp@uthscsa.edu) a list of the seminars attended, including title, speaker, and department offering the seminar, by Dec. 31, 2018.

No Textbook is required.
No examination is given.
Grading will be Satisfactory or Unsatisfactory
