# PROS 5053 Advanced Implant Prosthodontics

# Fall Semester 2016

CLASS DAYS and TIME: Friday afternoon: 1:00 – 5:00 P.M. August 19 through December 16, 2016

(Exceptions noted on Class Schedule)

CLASSROOM: Center for Oral Health Care and Research – Room 2383

**COURSE FACULTY:** Ronald Verrett DDS, MS

OFFICE LOCATION and HOURS: Graduate Prosthodontics clinic, Room 2052.01/ during clinic hours

EMAIL: Verrett@uthscsa.edu

**TELEPHONE:** 210-567-3260

#### **COURSE DESCRIPTION AND OBJECTIVES**

This postdoctoral seminar course in Implant Prosthodontics is designed to review scientific principles and procedures for utilization of osseointegrated implant therapies.

**Objectives** – Upon completion of this course the student will be knowledgeable in:

- 1) The process necessary for accurate implant diagnosis and treatment planning.
- 2) Biomechanics of dental implant-supported restorations.
- 3) Implant system specific components and required armamentarium for many dental implant systems that are currently in widespread usage.
- 4) Advanced dental laboratory techniques; such as digital imaging and treatment planning, surgical matrices, verification indices for multiple unit implant restorations and advanced manufacturing systems such as CADCAM and 3D printing.
- 5) Integration of surgical and restorative perspectives in implant diagnosis and treatment planning.
- 6) Techniques and instrumentation required for surgical placement of dental implants.
- 7) The use of dental implants in the growing patient.
- 8) The use of dental implants for orthodontic anchorage.
- 9) The use of implants in maxillofacial therapy.

#### Pre-requisites – N/A

**Semester credit hours** – 1.5 credit hours awarded for successful completion of the course.

By the end of this course, each student should be able to:

- Understand the historical development and the indications for dental implants.
- Understand implant surgical placement, restorative requirements as well as multiple dental implant treatment modalities.
- Demonstrate familiarity with multiple implant systems by means of a combination of seminar discussions and "hands-on" laboratory participation sessions.

#### **COURSE ORGANIZATION**

# The main teaching modalities used in this course include:

- 1) Lecture presentations will provide students with knowledge in areas identified in course objectives.
- 2) Preceptorship in Dental Implantology course participation will further expand students' knowledge base.
- 3) Laboratory participation seminars ("hands-on") will introduce students to specific implant systems.

<u>Materials</u> – All proprietary materials for laboratory participation sessions will be supplied for the students.

**Computer Access** – N/A

**Reading Assignments** – Any reading assignments will be listed on the Final Class Schedule.

#### **ATTENDANCE**

Course attendance is mandatory. If a student must be excused from a course session, the absence must be approved by the course director. A remedial session may be required at the discretion of the course director.

#### **TEXTBOOKS**

There is no required textbook

**Recommended:** Course instructors may recommend textbooks and/or readings and these will vary each year.

#### **GRADING POLICIES AND EXAMINATION PROCEDURES**

# **Evaluation System**

This is a Pass/ Fail course. Grading for this seminar format course will be based on evaluation of student participation in seminars and performance in laboratory sessions.

# **REQUESTS FOR ACCOMODATIONS FOR DISABILITIES**

In accordance with policy 4.2.3, Request for Accommodation Under the ADA and the ADA Amendments Act of 2008 (ADAAA), any student requesting accommodation must submit the appropriate request for accommodation under the American with Disabilities Act (ADA, form 100). to his/her appropriate Associate Dean of their School and a copy to the ADA Coordinator. Additional information may be obtained at http://uthscsa.edu/eeo/request.asp.

# ACADEMIC INTEGRITY AND PROFESSIONALISM

Any student who commits an act of academic dishonesty is subject to discipline as prescribed by the UT System Rules and Regulations of the Board of Regents. Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an exam for another person, signing attendance sheets for another student, and any act designed to give unfair advantage to a student or the attempt to commit such an act. Additional information may be obtained at <a href="http://catalog.uthscsa.edu/generalinformation/generalacademicpolicies/academicdishonestypolicy/">http://catalog.uthscsa.edu/generalinformation/generalacademicpolicies/academicdishonestypolicy/</a>

#### **TITLE IX AT UTHSCSA**

# **Title IX Defined:**

Title of the Education Amendments of 1972 is a federal law that prohibits sex discrimination in education. It reads "no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

# University of Texas Health Science Center San Antonio's Commitment:

University of Texas Health Science Center San Antonio (UTHSCSA) is committed to maintaining a learning environment that is free from discriminatory conduct based on gender. As required by Title IX, UTHSCSA does not discriminate on the basis of sex in its education programs and activities, and it encourages any student, faculty, or staff member who thinks that he or she has been subjected to sex discrimination, sexual harassment (including sexual violence) or sexual misconduct to immediately report the incident to the Title IX Director.

In an emergency, victims of sexual abuse should call 911. For non-emergencies, they may contact UPD at 210-567-2800. Additional information may be obtained at <a href="http://students.uthscsa.edu/titleix/">http://students.uthscsa.edu/titleix/</a>

### **EMAIL POLICY**

The course director may be contacted directly during duty hours or at <a href="Verrett@uthscsa.edu">Verrett@uthscsa.edu</a> .

# **USE OF RECORDING DEVICES**

Recording devices may be used unless a course presenter requests that they be prohibited for a specific module.

#### **ELECTRONIC DEVICES**

Cell phones, should be turned off or muted during course presentations and should only be used during break periods. Personal computer devices may be used for note taking or if required for a course learning objective. Personal computer devices may not be used during the course for other purposes such as social media or accessing email.

# TENTATIVE CLASS SCHEDULE PROS 5053 – Advanced Implant Prosthodontics

Fall 2016

Date	Time	Lecturer	Seminar Topic
Aug 19	1 – 5 PM	Ms. Tracy Henderson Dr. John Moriarty	Astra Tech Implant Surgery; Surgical and Restorative Hands on
Aug 26	1 – 5 PM	Dr. DeFreest	Evolution of Dental Implants and Restorative Components
Sept 2	1 – 5 PM	Dr. Olvera	Restorative Planning in Implant Dentistry
Sept 9	1 – 5 PM	Dr. Sheridan	Digital Technology Applications for Dental Implantology
Sept 16	1 – 5 PM	Dr. Mealey	Hard and Soft Tissue Preparation for Implants
Sept 23	1 – 5 PM	Mr. Trey Shadle Mr. George Gibson	Nobel Biocare: Surgical/ Restorative Systems
Sept 30	1 – 5 PM	Dr. Harris *Implant Preceptorship	Radiology to Guide Implant Planning and Surgery
Oct 7	NO CLASS	ACP Annual Meeting	
Oct 14	NO CLASS	Pharmacology Course	
Oct 21	1 – 5 PM	Mr. Jay Tuttle Mr. Carlos Martinez	Zimmer Biomet Surgical & Restorative Systems
Oct 28	1 – 5 PM	Dr. Startzell	Implant Complications from the Oral Surgery Perspective
Nov 4	12 – 2 PM 2:15 - 5:30 PM	Dr. Monahan Dr. Chang *Implant Preceptorship	Legal Aspects of Implant Dentistry Multidisciplinary Treatment Planning
Nov11	1 – 5 PM	Dr. Britton	Implant Anchorage in Orthodontics Dolphin Radiographic Imaging System
Nov 18	1 – 5 PM	Dr. Verrett	Abutment Selection for Partially Edentulous Implant Supported Prostheses for Edentulous
Nov 25	NO CLASS	UNIVERSITY HOLIDAY	
Dec 2	1 – 5 PM	Mr. George Acosta	Straumann Surgical & Restorative Systems
Dec 9	1-5 PM	Dr. Strong *Implant Preceptorship	Retooling the General Practice with Dental Implants
Dec 16	1-5 PM	Dr. Rouse	Platform Directed Implant Restorations Practice Management with Dental Implants

<sup>\*</sup> Implant Preceptorship lectures – 4.434 T
