**COURSE DESCRIPTION AND OBJECTIVES**

This course allows for practical experience in the area of cancer prevention and cancer prevention science. It is designed to be a one-on-one experience in which the student experiences the practice of cancer prevention science. Examples include following a dermatologist in screening patients for skin cancer, working on datasets derived from cancer prevention trials, participating in cancer prevention trials, spending time with a preceptor at the City of San Antonio Metropolitan Health District or a state health agency as examples.

By the end of this course, each student should be able to understand the practicalities of cancer prevention in any of the following:

- Clinical practice
- Clinical trials
- Laboratory research
- Public Health initiatives

**Pre-requisites** – None

**Semester credit hours** – .5 – 1.0 SCH

**COURSE ORGANIZATION**

**The main teaching modalities used in this course include:**

- Meeting personally with Dr. Michael Wargovich for the purpose of planning and monitoring of planned activities
- One on one practicum with cancer prevention-themed preceptor
- Completing practicum activities
- Completing practicum forms and submitting the Student Planned Activity Form within the first week of

the course start date. Thereafter, completion and submission of the Monthly Student Activities form within the first week of each month throughout the semester.

**Activities and Expectations for completion of the 24 – 48 contact hours as approved by Dr. Michael Wargovich:**

- The practicum activities will be approved on an individual basis in consultation with Dr. Michael Wargovich prior to the beginning of the term. Thereafter, the student will prepare a completed monthly activity form and submit it to Dr. Wargovich within the first week of the preceding month. Depending on the number of semester credit hours (.5-1 SCH) planned, 24 – 48 contact hours of approved CCP practicum training activities are required to fulfill the requirement for course.

**Materials**

Based on the requirements of the individual student’s planned activities as approved by Dr. Wargovich.

**Computer Access**

Students are required to have a laptop computer that can connect to and operate over a wireless network.

Software required:

- Microsoft Office Suite (A personal copy of the latest version can be purchased at The UTHSCSA bookstore at student pricing with a student ID)

Laptops with an Apple based Operating System must be able to also operate using a Windows based Operating System. It may be necessary to purchase Windows (student pricing available at The UTHSCSA bookstore with a student ID) and virtualization software.

All laptops will connect to The UTHSCSA network via the HSCwave broadcast wireless connection. Authentication for wireless use is based on The UTHSCSA domain username and password.

Verification of proper operation **prior** to the start of class is highly recommended.

Assistance is available thru the IMS Service Desk

- Telephone: 567-7777
